Prospectus OF THE LEAVENWORTH MESSENGER. The undersigned will issue, on or about the 1st of December, 1854, at LEAVENWORTH, K. T., THE LEAVENWORTH MESSENGER, a weekly Journal devoted to a liberal public policy. Agriculture, Manufacture, Mechanics, Arts, Commerce, Education, and the Professional Interest in Kansas Territory. In the commencement of our undertaking as public Journalists, we are not unmindful of the many responsibilities we are assuming, and every exertion will be made on our part to acquit ourselves to the satisfaction of our patrons, and to make our Paper one of the leading Journals of the South-west. In us, the Farmer and Mechanic will find ardent supporters of their best interests, and the workman of every avocation and pursuit may rely on our willing and cheerful advocacy. We, the Pioneer and Squatter upon unoccupied Public Lands, may look to us as to long-tried friends, for we are of them, and shall watch with jealous eyes over all their dearly bought rights and hard earned privileges. With Politics we do not expect to meddle; but the public have a right to know of our antecedents, as well as to learn our present position. We are old-line National Whigs of the Clay and Webster of the Free-soil, and have yet to learn that these great Oracles of the Whig party are mistaken in their policy, or advocated any wise and liberal principles; but as questions are to be acted upon of more immediate and vital importance to us, and to the country than adherence to the old Democratic principles, we cheerfully forego our former predilections for party, and define our position as follows: The present Administration has won upon our confidence by many of its leading measures, and we are ready to support it, and to lend our aid in such a policy as shall conduce to the good of the country. We fully endorse and will vindicate the principle of the Nebraska-Kansas Bill; the full and final abrogation of the Missouri Compromise, and the wise provisions of the Fugitive Slave Law. Upon all other questions, we are ready to follow the lead of the people, and we believe that the true interest of our Territory will be subserved by incorporating it with our Institutions. For this end we shall fearlessly and honestly discuss the subject and while we have no affinity with the pro-slavery party, we will not discuss the subject in the spirit of kindness and liberality. We shall not our colors at the mast head, and we shall do no issues which may be perceived to be the main question. We are of those who believe in the full and free representation of our Territory in the National Congress, and we are confident that the question is to be sprung upon us by our Free-soil friends, whenever the neutral flag can be displayed. We are ready for the issue. As National men, we shall labor for the good of the whole country, for the Union, and the Union in its integrity; we are free to admit, that upon this question, our sympathies and convictions are with the South and West, and that while we are engaged in the advancement of the interests, we are engaged in "a labor of love." We expect to make our Paper a medium of much valuable general intelligence to the public. We have an established Correspondence in Oregon, California, Utah and New Mexico, and will give the earliest news from all new sources. We will also have regular Correspondents in all the principal Cities of the Union, and a special Correspondent at the seat of the General Government. With this abstract of our principal purposes, we submit our undertaking to the patronage of a generous public, trusting that we may merit their liberal support. TERMS.—Two Dollars per annum in advance. Communications should be addressed to the Editor and Proprietors, Leavenworth, Kansas Territory, postpaid. **JEREMIAH CLARK, SAMUEL F. FEW.** Nov. 10, 1854. 14

MAYHEW'S Practical Book-keeping, by single and double entry, with a set of account books, to be used by the learner in writing up the examples. This work has been recommended by the Superintendent of Common Schools for the City and County of New York; by the Principals of the New York Free Academy; by the Principals of the Public Schools generally, and of all the Ward Schools in the City and County of New York; by the Board of Education of the City of New York; by the teachers of the city of Brooklyn and Williamsburgh, and by the teachers generally of other schools, both public and private, to whose knowledge it has been brought. Such unanimity and strength of testimony, including the Principals of all the public schools of these three cities, is unprecedented, and still this work has been received with equal favor wherever it has become known, having been introduced into the schools of a large number of cities and towns in every part of the United States, within the brief space of three months from its publication, including several female colleges in as many different States, and an almost incredible number of academies and common schools scattered throughout the fifteen States. It will be observed, that the teachers who have tested this work in the school-room, bear the strongest and most cordial testimony in its favor. Price for both Book-keeping and Account Books, 75 cents sent by mail, postage paid ad- dress. **DANIEL BURGESS & CO., Publishers.** no-6-3m 60 John street, New York.

THE UNDERSIGNED in behalf of the proprietors of the above names, at one of the most eligible points in the Territory. It is located on Noble's Fork, of Stranger Creek on the Potawatimie road from Parkville on the Missouri river to Uniontown, on the Kansas River, and at the junction of the Fort Leavenworth road. It is about 30 miles from Parkville, 16 from Leavenworth, 18 from Kickapoo City, and 15 miles from the Kansas river, on a high beautiful belt of prairie of about half mile in width, with a large body of good timber on each side. The advantages of the location are already known and appreciated and many persons are now waiting to build. The location is about central between the Missouri and Kansas rivers, and with the best natural roads in the west leading to it. It is a central point to a country that is susceptible of a large and dense population, and every thing points to this place as the centre of a country that will be formed, making it of necessity a county seat. There is an abundance of lime stone rock, inexhaustible veins of stone coal in the immediate vicinity, which have been tested, and proved to be good. Added to these there is good timber, good soil, and good water adjoining the town. There are several fine springs of clear running water on and adjoining the town tract; and but a few miles west is where the old Delaware Mills were established, said to be an excellent mill site. The town will be surveyed immediately and plats made, but no public sale of lots will take place before next spring. But in order to accommodate those who want to build this winter a few lots will be sold at private sale. An examination of the plat will not fail to convince any one, of the superior claims of Jacksonville. The great body of the travel from the region of country bordering on the Mo. River, from Weston down to Parkville, crossing to the valley of the Kansas must pass through this place. We have submitted a few facts to the public, to elicit their attention. A glance at the country will afford a view the most picturesque and lovely the eye ever rested upon. A rare chance is now offered to the potent, the speculator, and all who want to make money. Here is the place to buy bargains. **Dr. JAMES NOBLE, JACOB W. BROWN, H. MILES MOORE, J. C. J. EASTIN, WM. H. ADAMS.** Committee of the Jacksonville Association. Dec. 1. 1854.

JACKSONVILLE Kansas Territory. THE undersigned in behalf of the proprietors of the above names, at one of the most eligible points in the Territory. It is located on Noble's Fork, of Stranger Creek on the Potawatimie road from Parkville on the Missouri river to Uniontown, on the Kansas River, and at the junction of the Fort Leavenworth road. It is about 30 miles from Parkville, 16 from Leavenworth, 18 from Kickapoo City, and 15 miles from the Kansas river, on a high beautiful belt of prairie of about half mile in width, with a large body of good timber on each side. The advantages of the location are already known and appreciated and many persons are now waiting to build. The location is about central between the Missouri and Kansas rivers, and with the best natural roads in the west leading to it. It is a central point to a country that is susceptible of a large and dense population, and every thing points to this place as the centre of a country that will be formed, making it of necessity a county seat. There is an abundance of lime stone rock, inexhaustible veins of stone coal in the immediate vicinity, which have been tested, and proved to be good. Added to these there is good timber, good soil, and good water adjoining the town. There are several fine springs of clear running water on and adjoining the town tract; and but a few miles west is where the old Delaware Mills were established, said to be an excellent mill site. The town will be surveyed immediately and plats made, but no public sale of lots will take place before next spring. But in order to accommodate those who want to build this winter a few lots will be sold at private sale. An examination of the plat will not fail to convince any one, of the superior claims of Jacksonville. The great body of the travel from the region of country bordering on the Mo. River, from Weston down to Parkville, crossing to the valley of the Kansas must pass through this place. We have submitted a few facts to the public, to elicit their attention. A glance at the country will afford a view the most picturesque and lovely the eye ever rested upon. A rare chance is now offered to the potent, the speculator, and all who want to make money. Here is the place to buy bargains. **Dr. JAMES NOBLE, JACOB W. BROWN, H. MILES MOORE, J. C. J. EASTIN, WM. H. ADAMS.** Committee of the Jacksonville Association. Dec. 1. 1854.
